-----------------	---	--	---

Disclaimer: All information provided in this official EirGrid site is provided for information purposes only and does not constitute a legal contract between EirGrid and any person or entity unless otherwise specified. Information on this official EirGrid web site is subject to change without prior notice. Although every reasonable effort is made to present current and accurate information, EirGrid makes no guarantees of any kind.

The information below is published in accordance with CER Decision on the Publication of Additional Information on Generation Connection Applications ref CER/17112.

Where the Received Complete Date entry is blank it means that an application package, including associated initial fee, has been received by EirGrid but a Received Complete Date is yet to be confirmed.

The meaning of each status for an application is as follows:

- Application Checking – Application and initial fee received – being assessed for completeness.
- "Processing" – eligible to receive a connection offer under CER/09/099 and is being checked for completeness, or has been scheduled to receive a connection offer.
- "On Hold" – not eligible to receive a connection offer under CER/09/099, has been referred to CER to determine its eligibility for processing under CER/09/099 or is eligible to receive a connection offer under CER/09/099 but is queued at a node.
- "Live" – EirGrid has issued a connection offer and it is with the applicant for acceptance.

The station designation of "Unassigned" is used for applications being considered under CER/09/099 which have yet to be studied, or other applications awaiting confirmation by the Commission for Energy Regulation of the appropriate processing mechanism to be applied.

Proposed Transmission Connected Generators
